RAYMOND TANNOR - MY EXPERIENCE

- + THE ASSESMENT TESTS WERE THOROUGH & ENJOYABLE, ~~P~~ PARTICULARLY THE CREATIVE PART OF THE PROCESS, WHERE WE WERE REQUIRED TO MAKE ABSTRACT SHAPES INTO OBJECTS.
- + THE VIDEO INTERVIEW PROCESS GAVE CLEAR & CONCISE DIRECTIONS WITH REGARDS TO DOWNLOADING THE APP & RECORDING. CONSIDERING IT WAS ONE OF THE FIRST VIDEO INTERVIEWS I HAD TAKEN PART IN IT WAS SOMEWHAT NERVE WRACKING BUT GAVE ENOUGH TIME THINK & RESPOND IN DUE TIME.

Tapiwa Takawira

As a whole I have found the assessment process really interesting and forward thinking. Unlike your typical grey room group interaction, this has been more enjoyable.

It is more challenging in many more aspects and forces you to apply yourself fully to the full experience.

Almost throwing you into the deep end makes for an exciting challenging.

I feel we have learnt more about ourselves and others as a result. Still very scary, but the challenge is so much fun.

(10.21am) My experience so far is not like anything i've ever come across before. Its been a very exciting process really. Very relaxing and a totally stress free approach to recruiting. Im not going to lie. I cannot wait to see what happens next.

(12.09pm) At there its no gain. Just to say the experience just keeps getting better. Hope other companies adopt his kind of process.

Chadija

I have found the assessment to be very interesting as well as fun.

I did not know what to expect from the day which was very daunting everyone has been a delight. All of the tests that we had during the day have run very smooth. I would be happy to attend another OZ event.

Sam.

The assessment day is very fun and exciting, very different to what I am used to and hopefully the new store will be just as innovative and exciting once it is open. I would happily attend another assessment day like this one again!

Lauren
I found the assessment day interesting and fun you got a real feel about what OZ stands for and their value. Really interesting and insightful.

It's been very nice and funny, I'm enjoying and the training team is very nice and catraining.

It's challenging to explain about something I just learnt today like the new Google app, but it's been really nice so far. training team is great.

One of a kind Thursday.

From I landed in this has been a really unique experience. Coffee orders taken, hands on with the tech & a super friendly relaxed atmosphere. Has felt more like day one at uni than an assessment. Great day so far

The store concept is very interesting
and exciting. I would
love to work with such an
innovative project!

Charlotte.

Stores of the future is a very good way to understand a
customer's needs, and what they actually looking for,
the concept store setup (ASPACE) was really comfortable
and pleasant.

So hi,

I was suprised by all that mist
around the new store, but I always

I'm half way through a (so far) very enjoyable 3 day contract entertaining the team and candidates for the future stores. I've been made to feel very welcome and both a 'volume' and 'no vocal' hand gesture has been developed!

I think the experience was fantastic, there ~~was~~ were a lot of nerves in regards to the process because of the uncertainty, but this experience helped me relax and feel totally at ease. 😊

This has been one of the more nerve wracking experiences of my life, though I feel ~~each~~ ~~activity~~ there is enough activities to give everyone a fair chance & show case their strengths. Thank you.

Thanks Guys! It's been great, a very chilled out atmosphere and clear instructions and set up for the day. Before coming in today we didn't know anything which created more nerves but once here it was fine. Thank you! 😊

Whole experience has been great. Very relaxed & down to earth. Nothing like a typical interview process.
